

Withdrawal, Deferral, Transfer and Modification Conditions– Haute Route Events

General

These Withdrawal, Deferral, Transfer and Modification Conditions (in the following just “**Withdrawal Conditions**”) set certain rights and options together with specific conditions, applicable to the registered participant of the Event (hereinafter “**Rider**”) becoming effective at the time of confirmation of the correct registration for the participation in one of the Organiser’s Events. These Withdrawal Conditions are in addition to the rights and obligations set in the ACKNOWLEDGMENT AND ASSUMPTION OF RISKS & RELEASE AND INDEMNITY AGREEMENT (the “**Waiver**”), that the Rider must agree to, when registering for an Event. These Withdrawal Conditions shall only be applicable for cases where a Rider actively withdraws from the Event before the start of the Event and Activities and on a reason other than force majeure, or other exceptional circumstances which arise before the start of the Event. Capitalized terms shall have the meaning as ascribed to them in the Waiver, if not otherwise defined in these Withdrawal Conditions.

The declaration of withdrawal must be made in writing, using the withdrawal form provided by the Athletes Services team of the Organiser upon request. The withdrawal becomes binding as soon as it has been confirmed in writing by the Organiser. In case of a withdrawal, the Rider has the options stipulated in these Withdrawal Conditions with respect to the Event entry fee and other additional services directly purchased from the Organiser (“**Extra Services**”). Accommodation is not provided and sold by Organiser and is therefore not subject to these Withdrawal Conditions.

Processing Fee

For all accepted and processed withdrawal requests, the Organiser will apply a processing fee per occurrence to be either deducted **in addition to any withdrawal fee** in case of refunds or obtained directly by charging the fee to the Riders credit card in case of other options, where a deduction from paid fees is not possible.
