| A typical Haute Route journey

We're here to help you get organised and to ensure your journey is as seamless as possible.

PREPARATION IS KEY

- After signing up to your event, ensure you book your accommodation package and other add-ons you may require.
- Ensure you arrange your travel well in advance.
- 3 months prior to the event you will begin to receive the bi-monthly Haute Route rider newsletter to keep you updated.
- Just before the event, don't forget to service your bike!
- On Registration Day, all riders will receive a complete Riders Pack and access to the event app where you'll have all the information you need.

WHAT TO EXPECT

Registration Day takes place the day before the first stage. When you arrive on registration day, collect your bib and registration pack and check in at the hotel. We also host a Pasta party for all the riders along with the first rider briefing.

Typically each race day begins with a morning coffee with all the riders before you take on the day's challenge. Don't forget to recover with a good massage and enjoy a beer after the ride. Catch up on the

day with the daily newsletter and share your memories, videos and photos with your family and friends.

On the final day you can expect to participate in the time trial (3-day & Compact) or to your last stage (7-day). Finally, celebrate your achievement with the other Haute Route Finishers and you prepare to travel back home.

KEEPING IN TOUCH

Once you've completed the challenge, you can download your finisher certificate and purchase photos from the event. And don't forget to watch and share the event videos so you can re-live the memories again.

We hope to see you again at other locations!

REMEMBER

01 We're here for you

At Haute Route we have a decade worth of experience in cycling events, so we guarantee you're in the best hands.

02 Choose from 3, 5 or 7-day races

Our Race/Technical directors create challenging and scenic routes which vary between 3 to 7 days, so you can truly experience iconic cycling destinations that work for you.

03 Choose a route to suit you

Want an easier format for your first Haute Route experience? The Haute Route Compact is available on selected 3-day events which feature courses that are 30% shorter than the original course.

04 It's competitive (if you want it to be!)

Each stage is timed and ranked, and there is an overall classification. We encourage everyone to dig deep, whether their goal is simply to finish the event or race against other riders.

05 Only segments are timed ...

The whole stage is not fully timed for both sporting and safety considerations. The time taken into account is the combined time of the different timed segments. This means that you can relax, eat, find members of your group and stop to take pictures between segments.

06 ... and they're not all climbs!

Some segments are climbs, and others are rolling hills or flat areas where teamwork is an advantage! Your safety is our priority. No

matter where you are, support is only a few minutes away. We have law enforcement vehicles, safety motorbikes, mobile mechanics, course marshals, broom wagons, and more.

07 We are behind you all the way

Refuel and share stories over a post-stage gourmet lunch, then schedule your afternoon massage. Stay informed with the evening rider briefings and apero. Need a doctor? We even have a 24-hour medical team.

08 You are part of the Haute Route family!

You are not just choosing to ride an Haute Route event, but you are also entering a new global community of riders and becoming part of the family. From now on, you will always find somebody to ride with and share experiences with. They understand what it takes to ride the Haute Route and the special moments you experience out there in the mountains.

09 Reach new heights

Experience the achievement of a lifetime and create unique memories to savour forever. The Haute Route team and community are here to help you reach your goals and to push your physical and mental boundaries like never before.
